

The 2008 VISION 2020 Awards

City of Shoreline Aurora Corridor and Interurban Trail Program
sponsored by: City of Shoreline / partnering agencies: Federal Highway Administration, Washington State Department of Transportation, Recreation and Conservation Office, King County Metro, Transportation Improvement Board, Puget Sound Regional Council, City of Seattle, Seattle City Light, Seattle Public Utilities, Ronald Wastewater District, and King County

City of Shoreline's Aurora Corridor and Interurban Trail Program revitalized a 3-mile multimodal corridor through Shoreline's main retail center, improving safety, traffic flow and attracting new business to the area.

Housing Affordability Task Force Final Report and Recommendations

sponsored by: Pierce County, Department of Planning and Land Services / partnering agencies: Pierce County Community Services and Cedar River Group, LLC

Pierce County's Housing Affordability Task Force Final Report and Recommendations successfully brought together diverse interests to identify a broad range of solutions, from financial tools and incentives to inexpensive building design.

D Street Overpass *sponsored by: City of Tacoma / partnering agencies: BNSF Railway, Economic Development Administration, Federal Highways Administration, Freight Action Strategy, Freight Mobility Strategic Investment Board, Port of Tacoma, Puget Sound Regional Council, Sound Transit, Surface Transportation Urban Landscape, Transportation Improvement Board, and Union Pacific*

City of Tacoma's D Street Overpass is a strategic project to increase freight flow and improve pedestrian access between the Dome District transportation hub and the Thea Foss Waterway esplanade.

Olympic Sculpture Park *sponsored by: Seattle Art Museum*

Olympic Sculpture Park transformed the largest undeveloped waterfront property in downtown Seattle and a former industrial site into a vibrant new open space, including environmental restoration and transportation integration.

City of SeaTac Station Area Plans *sponsored by: City of SeaTac / partnering agency: Sound Transit*

City of SeaTac Station Area Plans are regional examples for planning transit-oriented areas that accommodate future growth through high-quality residential and mixed-use developments with good access to employment centers.
