

CITY OF SHORELINE

REQUEST FOR OF PRELIMINARY SEWER AVAILABILITY

******THIS IS NOT A CERTIFICATE******

Please provide the following when applying for a Certificate of Sewer Availability:

1. A scaled drawing of the project including information page.
2. Tax parcel number
3. Plumbing drawings (if commercial building)

NOTE: A certificate takes approximately two working days to prepare

PROPERTY ADDRESS: _____

TAX PARCEL NUMBER: _____

DESCRIBE PROJECT: _____

I am requesting a preliminary review for:

Building Permit
Short Subdivision

Preliminary Plat or PUD
Rezone or Other

Plumbing is required.....	YES	NO
Will there be sewer work?.....	YES	NO
Will a sewer pump be required?	YES	NO
Is property adjacent to or contain a sensitive area?.....	YES	NO
Does property contain unstable soil conditions?	YES	NO
Current Zoning for this property is.....	RES	COMM

I have read and understand the following:

“Available” means that service is available:

- From a stub to the property line, or
- To tee or main adjacent to property, or
- By execution of and meeting all the conditions of a **“Developer Extension.”**

And that:

- This letter is not transferable.
- Owner must meet all conditions set forth in City's Engineering Development Manual (EDM) and will execute any agreements required to connect to City facilities.
- Owner is responsible for obtaining easements, paying assessments and/or other charges, obtaining permits and complying with other regulatory agencies having jurisdiction.
