7. I am very much in favor of adopting city standards that are reflected by WAC 173-60-040.
If the city had already had these in place, it would have saved me five years of stress hearing loud music from the Mars Hill Church across and down the street from me hitting 70db INSIDE my house, 250 feet away.
These specific guidelines will hopefully insure that no citizens of Shoreline have to endure what my neighborhood had to for 5 years, rattling our windows, waking us up, preventing us from sleeping, and reducing our ability to concentrate.

Please approve this ordinance, as a minimum!

Sincerely,

Sean Osborn
