7. The transportation infrastructure should include maintaining the corridor's landscaping on Aurora Ave north between 145th and 205th. I don't drive this route often but I was totally embarrassed as a 41 year residence how terrible it looks right now. All the overgrown weeds and dandelions are and absolute eyesore. It looked so great when it was all completed along with the park on the east side between 175th and 185th but it's just completely unacceptable how it's become. Someone needs to step up and do a better job to maintain all the hard work that went into building this greenscaping this corridor. I am totally embarrassed with how it's denegated with lack of maintenance
8. (O) Support

Thank you,
City of Shoreline
