

## SAFETY KIT CONTENTS

The Safety Kit is designed to provide a group of Adopt-A-Road volunteers with the necessary materials to have a successful and safe cleanup event. It is very important to use all equipment correctly during the cleanup.

The Adopt-a-Road Coordinator will provide safety orientations to all volunteer group leaders upon request. It is important to use common sense like bringing extra water to a cleanup site on hot days and dressing in heavy clothing on cold wet days.

The following items are included in the safety kit duffel bag:

- 1 “Volunteer Litter Crew Ahead” Sign
- 1 Rotary Light (to place on top of vehicle)
- 1 First Aid Kit
- 10 Safety Reflective Vests
- 10 Hard Hats
- 10 Pairs of Gloves
- 50 Plastic Litter Bags

Please look through the safety kit when you pick it up from the Shoreline City Hall. If any items are missing, notify the customer response team staff immediately. Also, if you have any questions about the proper use of equipment, please ask at pick up or by calling (206) 801-2700.

After completing the cleanup, return the kit to the Shoreline City Hall within two working days. Please return gloves and any unused bags in the kit for the next group to use. Return completed Hold Harmless forms with signatures of all volunteers and hours worked with the Safety Kit.
