WHO PARTICIPATES?

TIMELINE & PUBLIC PROCESS

- July 2017 Task Force **Kickoff Meeting** with community input
- January 2018 Community Meeting with over **200 people**
- **3 Sub-Area meetings** in Auburn, Bellevue, Shoreline to comment on draft Action Plan
- **3 presentations** at the Regional Policy Committee
- **5 Discussions** at the Public Issues Committee of the Sound Cities Association
- Staff presentations with the **King County City Managers and Administrators, King County City Planners, American Institute of Architects, Seattle, Housing Task Force, and the Bellevue City Council**

KEY FINDINGS

- King County's population **growth has been greater than housing** production since 2011
- **Wages** have not kept up with rising **housing costs**
- More than **100,000 low-income households** pay more than half their income for housing costs
- **Renters** are twice as likely as owners to pay half their income for housing costs
- **People of color** are significantly more likely to be paying more than half their income on housing
- **244,000** affordable homes needed by 2040 to ensure no low-income household is cost burdened

DRAFT FIVE-YEAR ACTION PLAN

OVERALL GOAL: The region should strive to eliminate cost burden for households earning 80% Area Median Income and below, with a priority for serving households at or below 50% Area Median Income.

DRAFT FIVE-YEAR ACTION PLAN

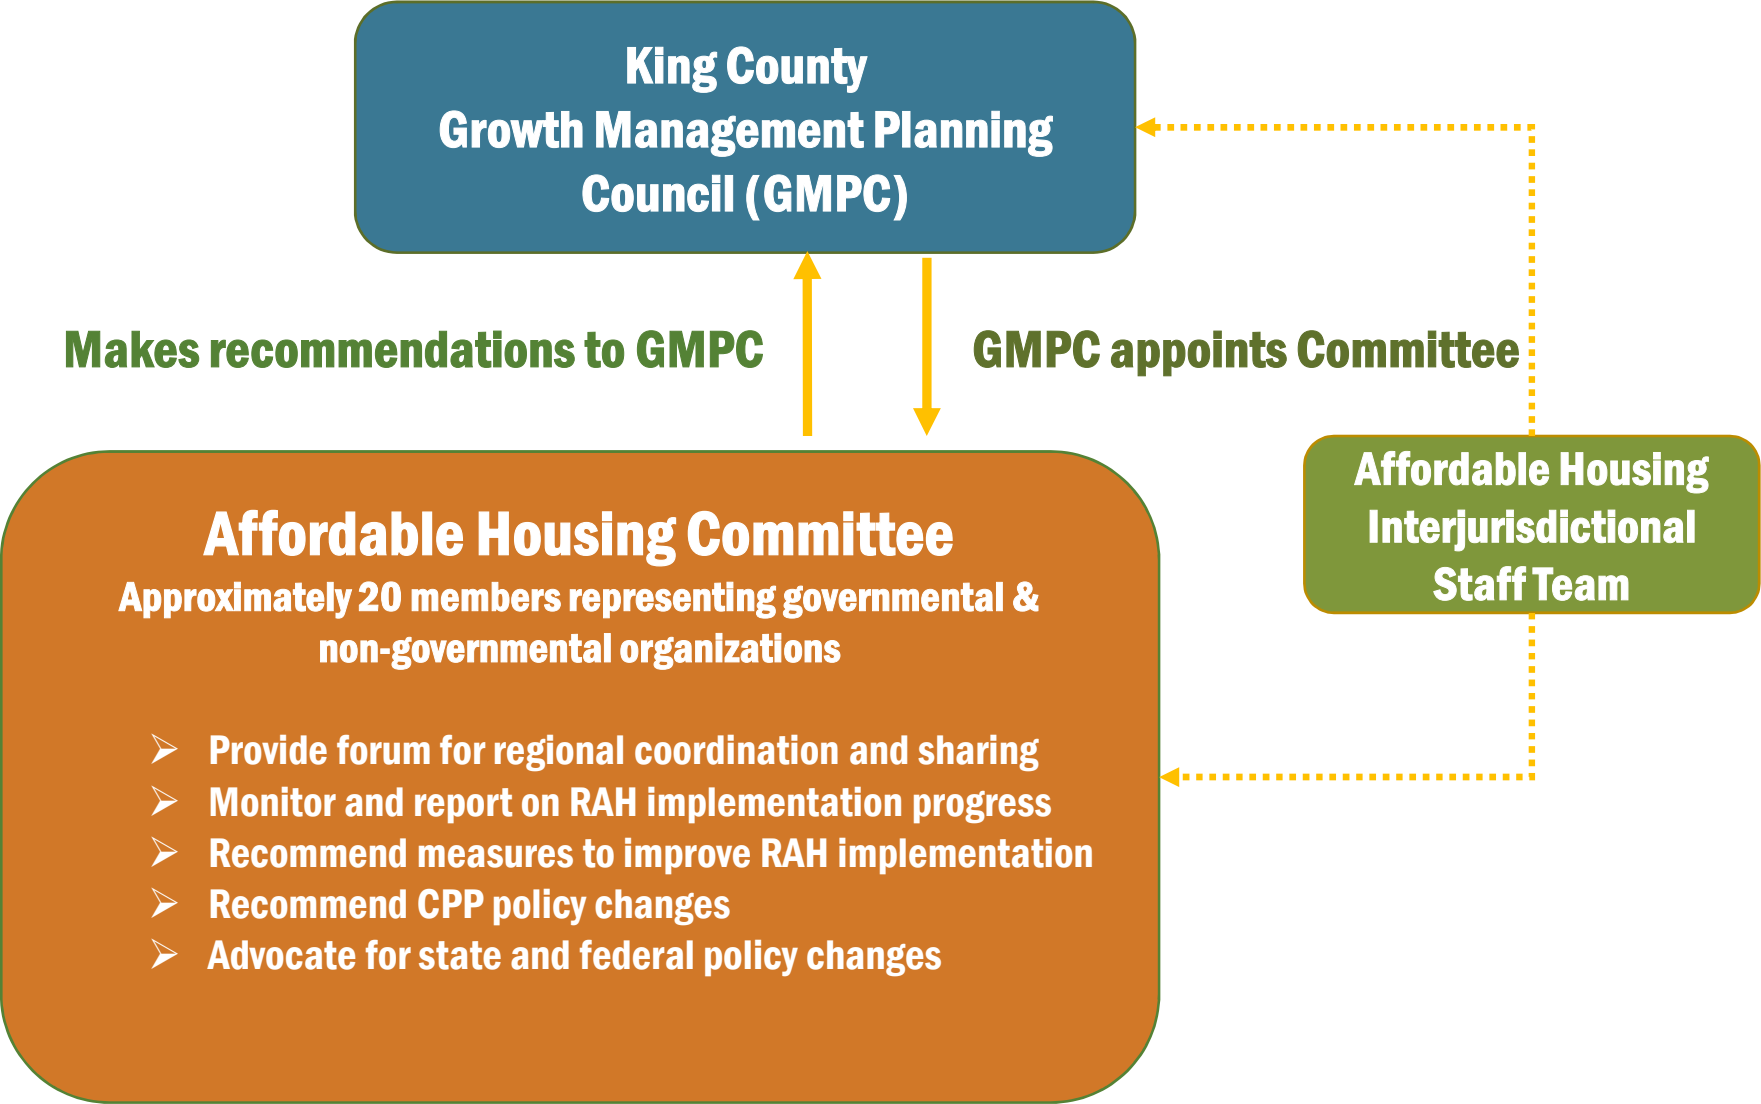

Create and support an ongoing structure for regional collaboration

- A Create an Affordable Housing Committee of the Growth Management Planning Council (GMPC)
- B Support the creation and operation of sub-regional collaborations to increase and preserve affordable housing

The Task Force recommends the creation of an Affordable Housing Committee of the Growth Management Planning Council to implement the Task Force recommendations.

PROPOSED GMPC AFFORDABLE HOUSING COMMITTEE

DRAFT FIVE-YEAR ACTION PLAN

Increase construction and preservation of affordable homes for households earning less than 50% area median income

2

- A The Affordable Housing Committee will work with cities and the County to identify and prioritize new resources and track progress toward the goal
- B Make available at no cost, at deep discount, or for long term lease, under-utilized property from State, County, cities, and non-profit/faith communities
- C Develop a short-term acquisition loan fund to enable rapid response to preserve affordable housing developments when they are put on the market for sale

The Task Force recommends 44,000 units of affordable housing be produced within the next 5 years; including building, preserving and subsidizing units.

DRAFT FIVE-YEAR ACTION PLAN

Prioritize affordable housing accessible within a half mile of existing and planned frequent transit service, with a particular priority for high-capacity transit stations

3

- A** Implement comprehensive inclusionary/incentive housing policies to achieve affordability for the lowest income households possible through land use incentives to be identified by local jurisdictions
- B** Maximize resources available for transit oriented development in the near term
- C** Create and implement regional land acquisition and development strategy

The Task Force recommends the development of affordable housing near high-capacity transit stations and along transit corridors, as well as at regional growth centers.

DRAFT FIVE-YEAR ACTION PLAN

Preserve access to affordable homes for renters by supporting tenant protections to increase housing stability and reduce risk of homelessness

4

- A Propose and support legislation and statewide policies related to tenant protection to ease implementation and provide consistency for landlords
- B Strive to more widely adopt model, expanded tenant protection ordinances countywide and provide implementation support
- C Expand supports for low-income renters and people with disabilities
- D Adopt programs and policies to improve the quality of housing in conjunction with necessary tenant protections

The Task Force recommends strategies to increase tenant protections and where possible, prevent unnecessarily evictions which create barriers to future housing, increase the risk of homelessness and are costly and time-consuming for both tenants and property owners.

DRAFT FIVE-YEAR ACTION PLAN

Protect existing communities of color and low-income communities from displacement.

5

- A Authentically engage communities of color and low-income communities in affordable housing development and policy decisions
- B Increase investments in communities of color and low-income communities by developing programs and policies that serve individuals and families at risk of displacement

The Task Force recommends that the region support community-led preservation strategies that enable people to stay in their communities and allow them to benefit from the opportunities of growth of redevelopment.

DRAFT FIVE-YEAR ACTION PLAN

Promote greater housing growth and diversity to achieve a variety of housing types at a range of affordability and improve jobs/housing connections throughout King County

6

- A Update zoning and land use regulations (including in single-family low-rise zones) to increase and diversify housing choices
- B Decrease costs to build and operate housing affordable to low-income households
- C Incentivize growth and affordability goals by expanding tools for investments in local infrastructure
- D Expand and preserve homeownership opportunities for low-income households

The Task Force recommends that the region adopt policies that streamline regulations and allow for diverse housing choices, at all income levels.

DRAFT FIVE-YEAR ACTION PLAN

Better engage local communities and other partners in addressing the urgent need for and benefits of affordable housing

- A Support engagement of local communities and residents in planning efforts to achieve more affordable housing
- B Expand engagement of non-governmental partners (philanthropy, employers, investors, private developers and faith communities) to support efforts to build and site more affordable housing

Most decisions regarding land use and planning for affordable housing happen at the city and neighborhood level. The Task Force recommends supporting efforts to better engage residents around planning efforts to achieve more affordable housing.

NEXT STEPS PROPOSED

- **December 7, 2018: Last meeting of the Task Force, Action Plan scheduled for adoption**
- **December 12, 2018: Sound Cities Association Public Issues Committee consideration of Action Plan**
- **By December 31, 2018: Final report and Action Plan transmitted to and accepted by the King County Council for its review and consideration**

First quarter of 2019:

- **GMPC appoints Affordable Housing Committee members**
- **Establish Housing Interjurisdictional Team**
- **Create work plan**
