I don't like what this rezoning will do to that area. Bringing businesses in that area will have long lasting impacts and destroy the neighborhood. Not just for that area, but areas for blocks and blocks around. And who's to say what kind of businesses would move in??? I don't want things like car repair shops, gas stations, hotels, whatever in this neighborhood. Gee! Wouldn't that be just lovely!!! Everyone would just LOVE to move to a place that that.

The removal of an important service (the post office) and the big apartments going in on 175th and 15th is bad enough. A great number of people will already be living there. That alone will have a major impact on the area.

Now you're suggesting that businesses be allowed in this new (currently residential) area? Really??? Jesus guys! The cost of all the increase of people will only increase the cost for the City of Shoreline for services like fire and police.

I vote for NO REZONING

Affordable housing needs I understand, but I'm asking you to not go forward with this rezoning.
