It has just come to my attention that Irons Brothers Construction has been illegally doing business in a residential neighbourhood and are currently seeking a rezoning of 1510 & 1517 NE 170th st. I am opposed to the proposed Comp Plan Amendment and Rezone of Residential to Business at 1510 & 1517 NE 170th St., Shoreline, WA.

In addition to my opposition to a rezone of residential property to business, I am disgusted with their wilful and flagrant disregard for the law. As a licensed general contractor they would have known what they were doing was illegal and if they didn't they are possibly incompetent. I feel a rezone would reward a company that has violated the law and set a precedent that would be harmful to the City of Shoreline residents.
