Mayor,

Please see below the response to your question about the Blueline Contract. We will also add this response to the Green Folder in Granicus for tonight's meeting. Please let me know if you have any additional questions about this contract. Thanks.

John

Subject: RE: Blue line contract

John,

The contract amount is based on Blueline's hourly rate for an Engineer (\$153.00) and 40 hours per week for 40 weeks (9 months). We are estimating 9 months to account for full time work that began in April, 2019 and is expected to go through the end of 2019. I have attached Blueline's 2019 Hourly Rate Schedule for reference.

Here is the breakdown to get to the proposed contract amount.

Duration of work: April through December, 2019
40 weeks x 40 hours per week = 1600 hours x \$153 = \$244,800

There are no other costs associated with this contract.

Please let me know if you need anything else.

Noel Hupprich
Development Review and Construction Manager City of Shoreline

Trish and Noel,

Please see the Mayor's questions below regarding the BlueLine contract that is on for Council authorization on Monday. Can you please put together a response tomorrow so that we can forward this onto Council Monday afternoon? Thanks!

John

Subject: Blue line contract

The staff report isn't clear to me on how the scope, hourly rates, and time remaining in the year add up to the contract total. Can I get the detail to connect the dots? How many hours worked by whom at what rate, and what other costs? Thanks.
