Tracking Your Permit Using eTRAKiT

Please see the instructions for setting up a **Public User** or **Contractor** account in order to track all information regarding your permit(s).

To log onto eTRAKiT, the City's public permit tracking program:

- Go to https://services.shorelinewa.gov/etrakit/
- Enter your user name and password in the fields outlined below and click LOGIN

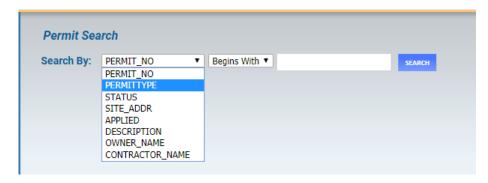

My Dashboard opens after Login

- To find a specific permit (or project), click the Search Permit (or Search Projects) link
- NOTE: Permit and Project searches and information follow the same format and functionality

Search for your permit using any of the options listed below

• After clicking *Search*, the results show below your search options - click on the name of the appropriate permit open it for details

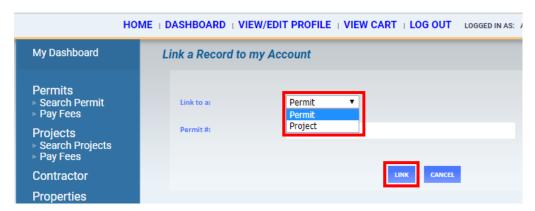

• Search Results will display the specific Permit information as below

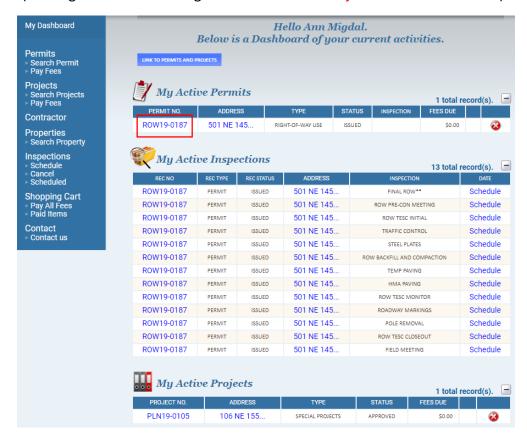

To create a link to a permit or project so that it displays on My Dashboard when you login, use the My Dashboard option – Link to Permits and Projects

Select Permit or Project from the dropdown and fill in the Permit or Project number – click Link

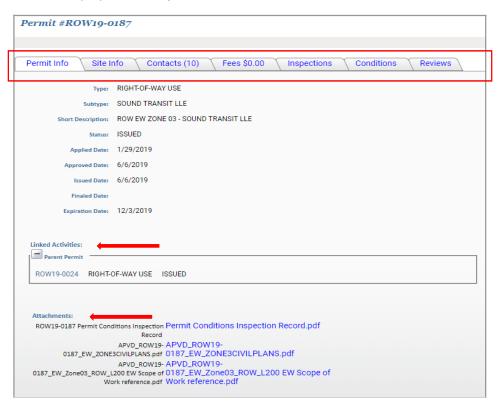

Clicking on My Dashboard will now display your active permit(s), inspection(s) and projects.
Click the Permit No. under My Active Permits to open the permit information window.
(Clicking the red X to the right of the Permit or Project will unlink the item)

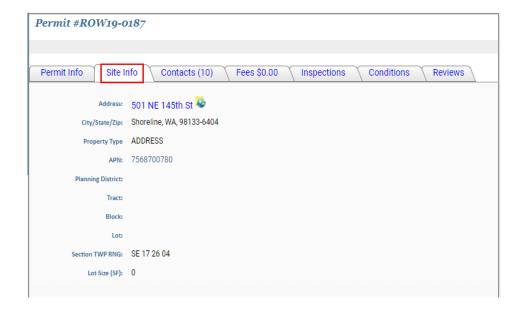

The Permit window provides information on the Permit (including <u>Linked Activities</u> and any <u>Attachments</u>)

• Tab one displays Permit Info

• Tab two displays information regarding the site

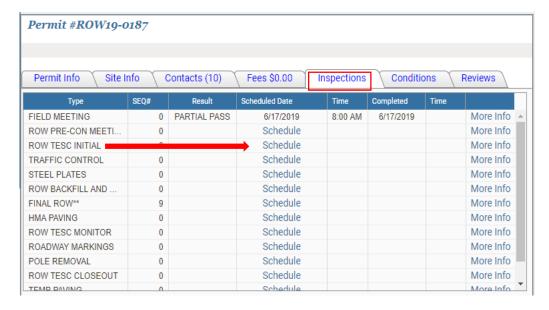

• Tab three displays all Contacts related to the Permit

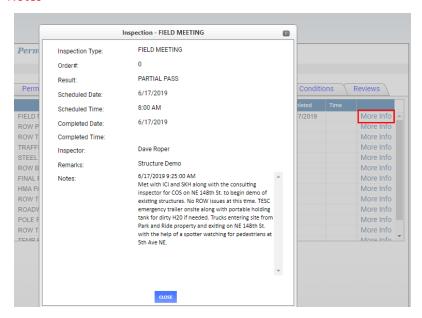

Tab four displays any Fees that are paid or due

- Tab five displays all Inspections required under the specific permit
 - To schedule an inspection, click the word "Schedule" across from the type of inspection needed
 - Some inspections may not be available because they are contingent on another inspection's completion and results
 - Inspections may also be scheduled from My Dashboard under My Active Inspections (see the document *Online Inspection Schedule* for further information)

 Clicking More Info to the right of any completed inspection displays Inspector's Field Meeting Notes

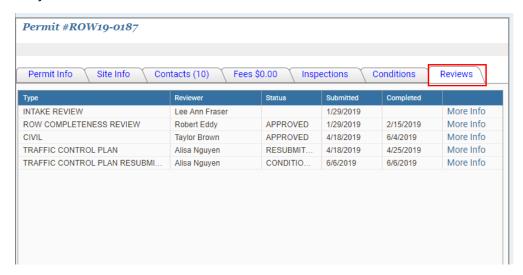

• Tab number six displays Conditions associated with the Permit

• Again, selecting More Info for any listed condition displays additional details

• The final tab is Reviews

Once again, More Info provides more information on the review (dates, status and reviewer)
