

# Concept comparison

The table below demonstrates the strengths and weaknesses of each concept.

	 Construction costs*	 Operations and maintenance costs	 Right of way costs	 Safety	 Traffic flow	 Environmental impacts	 Impacts to college's current improvements
Roundabout	\$1.0M to \$1.3M	Limited costs	Moderate costs	Significant improvement	Moderate improvement	Minimal impact	More impact
Signalized	\$0.9M to \$1.2M	Significant costs	No costs	Improvement	Small improvement	Moderate impact	Less impact

**Relative strength and weakness scale**

■ Strongest  
 ■ 2nd Strongest  
 ■ 2nd Weakest  
 ■ Weakest

\*Does not include design, inflation, or street lighting costs.
