## 2019 Comp. Plan Amendments - Att. E - Keim Application

**Support for the Amendment** - Explain the need for the amendment. Why is it being proposed? How does the amendment address changing circumstances or values in Shoreline? Describe how the amendment is consistent with the current Shoreline Comprehensive Plan, if inconsistent, explain why. How will this amendment benefit the citizens of Shoreline? Include any data, research, or reasonings that supports the proposed amendment. (A copy of the Shoreline Comprehensive Plan is available for use at the Planning & Community Development department, Shoreline Neighborhood Police Centers, and the Shoreline and Richmond Beach libraries).

This amendment is being proposed as a result of reading the recently published Special Report on Impacts of Global Warming of 1.5 degree C above pre-industrial levels and related global greenhouse gas emission pathways in the context of strengthening the global response to the threat of climate change, sustainable development and efforts to eradicate poverty by the Intergovernmental Panel on Climate Change SR15. This report provides a thorough scientific analysis of the dire consequences of allowing global warming to increase higher than 1.5 degree C above pre-industrial levels. The report states that global warming is likely to reach 1.5 degree C between 2030-2050 if warming continues to increase at the current rate.

The City of Shoreline has signed a joint letter committing to greenhouse gas reduction goals contained in the King County - Cities Climate Collaboration document. These greenhouse gas reduction goals were developed in 2014 and are based on reduction of 2007 level of greenhouse gas by: 25% by 2020, 50% by 2030, 80% by 2050. In light of the up to date scientific studies of climate change, it would seem imperative to revise these reduction goals to achieve the limit of 1.5 degree C. This will lead to deeper emission reductions a more rapid transition to a clean energy economy.

The citizens of Shoreline already experience the effects of climate change in longer summer drought, unhealthy smoke filled skies from increasing forest fires, decreased snow pack and associated effect on water levels and electricity rates. This amendment will show the citizens of Shoreline that their government will step up to be a leader in addressing the greatest threat of our time: global warming
