Subject: [EXTERNAL] Irons brothers rezoning

I don't think Irons Brothers really understands our community's point of view for opposing the rezoning. My wife and I and I'm sure everyone else who opposes the rezoning put everything we have into our home. We don't have the luxury or the means to move. We moved here to Shoreline for the safety and schools and neighborhood community and importantly the peace and quiet. I'm sure you guys are a successful company with the abilities to buy a third property. For all we know this could be your fifth or sixth property. With your ambitions of rezoning your TWO business property investments is really going to impact and change our neighborhood for the rest of our lives in the direction all your neighbors my neighbors our neighbors don't want to go. You are essentially opening the gates to any type of business to move into once you move are get bought out. My wife and I don't have the means to move somewhere else in comparison to what North City has to offer. All we are asking is for you guys to understand our neighborhood and community's needs for you guys to simply obey the law and for Shoreline to enforce the law on the behalf of the hard working people who will be directly affected and don't have the means to just buy another property or move. All we want is to save our neighborhood and keep Shoreline residential neighborhoods residential so we who live here can enjoy our safety and peace and quiet neighborhood.
