Dear Planning Commissioners,

I am sure you are all well versed in the above referenced amendments and have access to all of the opposing comments provided orally and in writing to the Planning Commission, Council, and staff at City meetings and via mail and email since January 2019. I am encouraged to see that the Staff Report also recommends denying these amendments. Based on the previous two Planning Commission discussions on this topic it appears that the Planning Commission will deny these amendments. If you have any further questions or concerns regarding my comments or the community's view on these amendments I encourage you to review all of the previous comments submitted opposing these amendments.

Based on all of the previous information and opposing comments submitted to date, I ask that you deny Amendment 1 and Amendment 3 of the 2019 Comprehensive Plan Amendment.

Thank you for your time and consideration,
Mark Rettmann
