Please say no to re-zoning residential properties. There is already a short supply of residential properties in shoreline by allowing the re zoning, it will take away properties that are for families. If made into commercial you are taking away homes for families who would want to enroll their kids in the awesome public schools that shores has to offer. Residential homes are already in short supply there are plenty of places in shoreline that are more suitable for commercial use. Moving families out so commercial business can move in will cause shoreline to lose its personality as a family friendly city.
