

N 148th Street Non-Motorized Bridge

A ped/bike bridge connecting people to neighborhoods and regional transit

The outbreak of COVID-19 in Washington State is an active situation that is evolving quickly. During this time of social distancing, we are working to ensure staff and public safety while continuing to move this and other projects forward. We'd like to invite you to participate in two online events where you can learn about and provide input on the N 148th Street Non-Motorized Bridge Project.

PROJECT OVERVIEW

With the arrival of Sound Transit light rail and the new Shoreline South/145th Station for light rail and bus transit, the City is finding ways to connect people to the station safely and efficiently. A new pedestrian and bike crossing over I-5 at N 148th Street will strengthen those connections.

FOR ADDITIONAL PROJECT INFORMATION, CONTACT:
Lea Bonebrake, P.E.,
City of Shoreline, Project Manager

PLEASE VISIT OUR
ONLINE OPEN HOUSE

April 10 through May 1:

148thbridge.infocommunity.org

Please participate in our WEBINAR

This online presentation will provide information on the design options we're considering for the bridge, how it connects to the station on the east side of I-5, and how it connects to the neighborhoods on the west side of I-5. There will also be an opportunity to ask questions of the project team.

DATE: Thursday, April 23, 2020

TIME: 12:00–1:00 p.m.

To register, please go to the online open house. A webinar registration link will be posted on the home page.

TO REQUEST INTERPRETATION IN ANOTHER LANGUAGE OR ACCESSIBILITY ACCOMMODATIONS please complete your registration by April 15, 2020.

The webinar will be recorded and posted on the online open house page (148thbridge.infocommunity.org) after it takes place.
