Betsy –

The proposed acquisitions are the only two needed to gain access between Paramount Open Space and 145th. These parcels would allow for easy access along the 10th Ave right-of-way from 145th through Paramount Open Space to Paramount School Park along the eastern portion of the 145th Street Station Area. We'll add this to the Green Folder for tonight.

Subject: Q: Paramount parcels

I'd like to know more about potential access from 145th.

Is that an ultimate goal? Would more property need to be acquired in order to access?
