6. 9a-1 "Update on City Council Goal #5, Action Step #7 - Siting a Shelter/Navigation Center in North King County to Serve Homeless Single Adults"
7. I am the pastor at Northlake Lutheran Church in Kenmore and a member of the Kenmore Bothell Interfaith Group, and I am very concerned about those people who find themselves without a safe place to sleep. Every week, I speak with people who have lost their homes or who are scared because they are about to be forced out on the street. This has been a growing problem for a long time and now with covid, the impacts are even more severe. Therefore, I would like to encourage you to support the 24/7 shelter and navigation center that will serve homeless single adults in North King County.  
  
KBIG and Northlake have supported winter shelters for the past few years in our area, but know that a 365 day shelter with navigation can be much more successful in developing the relationships and opportunities to assist people in exiting homelessness. The opportunity to work with other cities in North King County, where there is currently no shelter for single adults, will be a win for all 5 cities involved, and your leadership and compassion for all the people who call our area home will show that caring for the most vulnerable also cares for all the people in our communities. Please vote to move forward on this project.
8. (o) Support

Thank you,  
City of Shoreline
