6. Housing Homeless 60 people
7. I am making a comment on homeless housing on Aroura 165th for 60 people...24/7. We have been building new Apartments that are not finished yet in Shoreline. When they are filled, we will have more people in this area. I do believe it is and will be over crowded. And to put homeless center that has 60 people 24/7 on our already busy Auora which the businesses take the brunt of a housing that many people. Then you have the residents of the area, that are overwhelmed with problems of theft and stolen cars in all these area's. People want to defund the police, which response time would be nonexistent with over crowding....of people. Our new construction has filled our area. Of course it brings revenue to the City. The parking and over crowding is making a impact on Auora. As that street has been over whelmed for years. I have lived here all my life. With more people , there should be more police, yet we over crowded and then try to deal with the problem. We need to think of these things Before we build and before we say okay to putting more people on that busy street. I do not believe that housing anymore people in or on Aroura will be a asset to our community. If anyone of you lived in the area, you would see that this is not a good idea or the history of Aroura.(99) Its making a street that is known for problems worse. Thank you for reading my feelings on the subject.
8. (o) Oppose

Thank you,
City of Shoreline
