7. Dear City of Shoreline Councilmembers, As part of the Kenmore Bothell Interfaith Group, and clergy at Bothell United Methodist Church, I would like to encourage you to support the 24/7 shelter and navigation center that will serve homeless single adults in North King County. We have supported winter shelters for the past few years in our area, but know that a 365 day shelter with navigation can be much more successful in developing the relationships and opportunities to assist people in exiting homelessness. The opportunity to work with other cities in North King County, where there is currently no shelter for single adults, will be a win for all 5 cities involved, and your leadership and compassion for all the people who call our area home will show that caring for the most vulnerable also cares for all the people in our communities. Please vote to move forward on this project.
