7. RE: 16357 Aurora Ave N, formerly the Oaks and now proposed for a King Co. Housing Authority/Lake City Partners partnership for a 24/7 shelter for single homeless adults.

I live at Forest Villa, about two blocks from this site. I am very much in favor of this partnership, and urge the Shoreline City Council to take the steps necessary to change the zoning to allow for this use, and to support this project, the entities involved, and the people who will move in.

I know people become homeless for a variety of reasons, and especially in this difficult economic time and where the system often does not serve well a variety of people. Adding this housing option will be a lifeline for the 60 people housed there. In addition, making housing available for people who need it also benefits society. It helps people toward their best options for living and contributing to society, and it helps us all to create systems of support for the most vulnerable of us.

I applaud the creativity and dedication to repurpose this building, and am glad to welcome all involved to the neighborhood.

Please support the legislation that allows this to happen.

Thank you.

David Anderson
