6. 60 bed homeless shelter
7. Please do this! I have been engaged as a volunteer at Ronald United Methodists's 10-bed homeless shelter for the past 18 months. We housed homeless people that were FROM Shoreline, not from Seattle or surrounding communities. They grew up in Shoreline or Edmonds, went to high school at Shorewood, Shorecrest, Edmonds, or Mountlake Terrace.

Our shelter just had to close its doors due to lack of funding. We kept our 10 spots full and always had a significant waiting list. This proposed shelter would also have more services connected with it than we were able to provide with our shelter, we simply did not have staffing to provide needed services for our siblings.

I am in favor of this, as it serves a great community need and would actually contribute to the safety and security of the whole community by having shelter and services provided to our homeless citizens.
