7. Please do not do this. This is too close to a lot of residences . I haven't been terrified and unable to sleep thinking about the fact that this would potentially place a sexual predator close to my child. What are the city's plan to address these concerns? We already find a lot of needles in parks that we have to watch for to keep the kids safe. Placing a shelter while talks about defunding the police are ongoing this close to a school and residences is highly irresponsible.

Thank you,
City of Shoreline
