7. Low barrier facility at 165th and Aurora.

Hello,

I am writing to oppose the creation of a low barrier homeless shelter. The location is dangerously close to the Rec Center and schools with unsupervised children walking around all the time. There has been no communication with the families around this facility and this raises concerns on the fact that the council is not concerned about the safety and security of the neighborhood.

What happens when there are budget cuts? Will the safety and security of the neighborhood be compromised in that case? The Seattle council just announced budget cuts to the Seattle police department. The Seattle Mayor Announced a 19% shortfall in revenue. How will this impact the operation of such a facility in this scenario.

Thank you,
