7. This is about the proposed homeless shelter being considered on 165th and Aurora.
This is highly unacceptable putting the lives of numerous residences at risk. I just got to know about this today and there has not been any public comment solicited. Also how can a decision be taken so soon? I mean the document says payments will begin September 1st?
Has the city considered risk involved in this. This is a low barrier shelter. There are kids playing all the time in Richmond Highlands park. Who would be responsible for their safety? There has been widespread drug usage in the park. With the shelter coming in this would only increase.

I have kids and I strongly oppose this proposal.
