6. Item 9A-1 Shelter at Oaks Facility
7. Any cities near Seattle, including Shoreline, are not ready to make sure we can take care and handle well with homeless shelters or even a Navigation Center. The trashes, tents, drugs, needles and etc have been everywhere on the public area you can see between I-5 North exit 163 and exit 179 no matter if there is enough funding or we have enough law enforcement or social workers to deal with homeless. We as a resident of Shoreline community do not want to turn the beautiful kid-friendly residential communities into a criminal zone and a messed area with many drug dealers who serve those people, as well as more trashes on the road. if any city near shoreline have removed the tents and trashes as of today, the existing system of homeless shelters have been working! but the fact is, no, it does not help the situation.

I hope the city council can at least put the proposed Item 9A-1 Shelter at Oaks Facility into a public vote item, especially based on the residents of shoreline city and the direct linked neighborhoods, before making a final plan on this proposal.
8. (o) Oppose

Thank you,
City of Shoreline
