7. I have a lot of concerns on the safety of our kids. What will the navigation center bring up to our neighborhood? I learned that in navigation center, they are allowed to possess illegal drugs but are not allowed to use them at the facility. Then where should they use the illegal drugs? On the playground of Richmond highland park or in my backyard? They can just throw the used needles and syringes in the front of my door. I have a 4 year old kid. I cannot even think about what would it be if someday my kid picked a used syringes on his favorite dinosaur slide and ask me: hey mom, look at what I have found. All those situations are a totally disaster for my family. Unless these safety questions get addressed well, I am totally against the proposal.
8. (o) Oppose

Thank you,
City of Shoreline
