7. I am writing here to express my deep concern about project 9A-1 on converting formerly Arden Rehab into a homeless shelter. While I do support affirmative actions on helping homeless population. However I am concerned about this decision and location.

The future encampments are not required to stay in the center to be treated for mental illness and they are allowed to possess illegal drugs. The homeless facility shares boundary with a daycare and is close by to both Shoreline Recreation Center and Shorewood High School. I am concerned that it might present potential danger to the nearby communities especially to the children.
