7. There is no way the proposed location for this Navigation Center is suitable. The physical layout of the existing building may make it ideal, but it's proximity to daycare facilities, a women's shelter, youth recreation facilities and a high school make it completely unsuitable for the the neighborhood.  
  
Additionally, making the decision to proceed with this project with zero community engagement Has the potential to make residents, taxpayers and voters that may be generally supportive of these efforts, into opponents, possibly undermining the local government's future efforts to address homelessness.
