7. Until the concerns of the neighbors and business are not addressed we cannot support the navigation center at 165th and Aurora. During the August 10 meeting our comments were not even acknowledged. The comments from the directors of the childcare facility that borders the property were not even mentioned in your discussion! I hope this time you have all read our concerns and are ready to provide answers. And I mean real answers not "King County is footing the bill so who cares".
8.  Oppose

Thank you,
