6. Shelter
7. I just read that this shelter was low barrier. I was all for it til I read that. There is a Daycare near it. Would you continue to put your children there? This will put them out of business. So drug dealers go where their clients are, we are inviting them into our neighborhood. ...and since they don't work, where do you think they will get their money to buy their drugs? It didn't work at CHAZ with gangs trying to gain new turf and that led to the murder of 2 children.  
I am so against this. It not a NIMBY thing, allow people to get there dignity back. If they want help and are committed to getting better Yes, do everything we can to help them, throw money at them getting better and becoming a member of society, then I am all for it. Otherwise rent hospital space to get PROFESSIONAL HELP for these folks. 3-4 employees 24/7 means 1 person overseeing 60 people for 8 hours. Is that the responsibility you are willing to take on. How can you place it here near a school and near a daycare if paroled child molesters are allowed to stay here. How do you make them wear face masks. All the street people I have seen are not wearing a mask.
