7. We have lived in Shoreline for 47 years and have begun increasingly concerned about the plight of the increasing number of people living here without shelter. We have volunteered at Hopelink for 15 of those years and we continue to help with the food bank. It is alarming to see the increase in the numbers of people who are living in our community lacking basic necessities. It is our responsibility as a city to take the steps to join in the efforts to provide a safe place for people to be sheltered and receive the services they need to become self sufficient. Please do all that you can to meet this urgent need.
