7. Dear Shoreline City Council:

Your thoughtful and wise approval for zoning to accommodate an Enhanced Homeless Shelter at 16357 Aurora Ave. N. is seriously and sincerely encouraged.

As 32-year members at Richmond Beach Congregational Church, my wife and I seek and support citizen and institutional improvements that are comprehensive in scope and effective in practice. The Enhanced Homeless Shelter proposal is an opportunity for this community to help address some of our grave national, social inequalities at the most effective (ie: individual) level.

We volunteer regularly and give generously to programs that respect, protect and enhance the lives of our least fortunate fellow citizens. This is why we have been volunteers and contributors at Ronald United Methodist Church community meal site and shelter since it opened.

The value and effectiveness of progressive community response to widespread, inhumane institutional practice cannot be overstated. Professional administration with conscientious volunteer involvement will bring a useful and successful community asset to help address, correct and reform the negative social outcomes affecting too many citizens of Shoreline.

Thank you for your careful and positive consideration.

Karl and Donna Leggett
