7. Dear City Council,
Please think of the "homeless" as humans first. With our economic situation, more humans will become homeless, or on the edge of homelessness in both Shoreline and my own community, Lake Forest Park.

Below is a very brief article summary of hope that is seen in Vancouver Canada that suggests we must stop stigmatizing and move to solutions! Thank you for all the Shoreline Community has done for social justice issues.

I am a volunteer in your Shoreline Community Court and am seeing firsthand how this social justice system can be applied as a court of the future. Good Going!
