7. I am whole-heartedly for this shelter. This will bring much needed shelter to those in most need in our area. One of the problems with homelessness in King County is that there are not enough places for people needing shelter to go. I believe that this will help alleviate this problem. In addition this will help our community by providing a place for people to be that is not on our streets. Please think of those that are our most venerable and vote in favor of this shelter.
