6. North King County Shelter Plans
7. I urge the Council to support the proposed enhanced shelter at 167th and Aurora.

This will help get homeless adults already in Shoreline get off the streets and inside with access to services that can help get them into housing and/or treatment. 24/7 shelters are the first line to establish relationships with homeless clients to move them into housing and/or mental health and addiction treatment.

Due to the nature of the proposed, "enhanced shelter" meaning it is open 24/7, 365 days a year; it is not a site that will attract people who will then be "wandering the streets of Shoreline" when the shelter is closed. This will help people have a means off the street, a safe, secure place to live and will not attract people on the streets both days and nights.

8. (o) Support

Thank you,
City of Shoreline
