7. This plan for a 24/7 staffed facility for single adults who are on the streets and trying to get into stable housing is a great opportunity for this community to make a difference. There are a number of young adults who are struggling to find and secure housing due to lack of jobs, cost of housing or mental health and substance abuse issues. It is incredible to have a facility that is a "perfect match" for this type of program that is available now. Please don't let this facility be used for something else when it is available NOW and there is a real need.
