6. Discussion of Interim Regulations for Adding Enhanced Shelter as an Allowable Use in the R-48 Zone
7. I am writing in support of the proposed enhanced shelter. As a social worker working in the housing field, I know that shelter not only saves lives, but also reduces other public costs. Emergency shelters are not a risk to public safety, but rather improve public safety by reducing emergency services calls and significantly improving health outcomes for the most vulnerable in our society. There is a severe lack of shelter services in north King County, and as a resident of Shoreline, I am proud that our city is showing this kind of leadership and compassion for our unhoused neighbors.
8. (o) Support

Thank you,  
**City of Shoreline**
