6. Enhanced Shelter
7. I am a Shoreline resident and have lived here for over 10 years. I believe that it is of extreme urgency that we provide the enhanced shelter for the homeless in the Shoreline area. From what I can tell, the city of Shoreline is saying all of the right things in regards to equity in our community, and this is an opportunity to act on those words. With Winter coming it will start to get colder and we need the city to provide the resources for its people to not only survive, but hopefully give them tools and resources to get their feet back on the ground. I highly recommend that the city move forward with the opening of this shelter.
