7. I approve of your efforts to provide a North King County Shelter for homeless adults. Homelessness is a growing problem that requires attention. A facility that will include services that are contributing to homelessness seems like a logical and compassionate step in the right direction. I understand that whatever location is proposed would receive objections, but we have to start somewhere and do all that we can to mitigate any neighborhood problems. I support this endeavor at the 167th and Aurora location.

Thank you,
