7. I strongly support the plan to develop this much needed shelter. It is amazing that such a building, well designed to fill the needs, has become available at this time and that personnel (Lake City Partners) are already available to staff it. Add to that the fund sources make it realistic to purchase the facility now. Looking at the total picture, please take advantage of the opportunity presented both to help Shoreline meet a problem and to help people in real, basic need.

Thank you,
