6. 8(A)
7. I oppose the proposed shelter on 165th and Aurora due to the following reasons:
 1. Lack of due process: While the SEPA process was filed, many of the columns were marked as N/A saying that this is not a per project evaluation. The interim regulation was an means to an end to the project in hand, and all of the outreach was meant for the one project. Hence, consistency and transparency is required across public and processes alike.
 2. Lake City Partners: We see no evidence that Lake City partners are equipped to run a 'low barrier' shelter, based on their past experiences or the plan the put forward. We would like to understand what they would do different and how they will be set up for success.
8. (o) Oppose

Thank you,
City of Shoreline
