6. Pool
7. Thank you for considering the pool again. Swimming is not a sport - it is safety. Currently, due to a lack of future planning by the council, our city has got to be the only city of its size in the state without a pool. It is amazing that this could happen...with no current plan to rebuild or renovate. The pool does not need to be demolished by the way.  
What seems illogical is that you levied more money for sidewalk improvements when 99% of parents i have talked to say that was not needed before a pool. We need to re-consider our order of operations.  
Please add to this to a future agenda - your room will be packed that night as this is a BIG concern for the community.
8. Not answered

Thank you,  
**City of Shoreline**
