7. I am delighted to see that you will discuss bringing us, the residents of Shoreline, another opportunity to support a measure to improve parks and to acquire additional park land. For \$9.00 a month over a period of 20 years I consider the staff recommendation a bargain and an excellent public investment that will only enhance our neighborhoods and bring much better access to people of all ages who enjoy being outdoors.

The challenges - the short time frame for getting the word out, the need for a 60% "yes" vote - although not insurmountable, require ready and active engagement by those who will support your decision to move forward.

I'll do what I can. Robin McClelland
