- Lift Station 4 Force Main Replacement

**Scope:** The project consists of the replacement of approximately 2,560 LF of 6-inch asbestos cement sanitary sewer force main with 6-inch HDPE pipe via pipebursting. Work will also include removal of existing repair couplings, connection to terminal manholes and installation of one (1) manhole. A number of excavations are anticipated for pull and receiving pits. Work will be located within the public right-of-way of 16<sup>th</sup> Avenue NW and NW 167<sup>th</sup> Street and will include restoration of pavement via patching.

**Schedule:** The project has been bid and awarded and construction is anticipated to begin spring of 2021 and last into the summer of 2021.

- Ridgecrest 5

**Scope:** The project consists of the replacement of approximately 3,135 LF of 8-inch concrete gravity sewer main with 8" HDPE pipe via pipebursting. Work will also include replacement of approximately 53 private concrete side sewers and manhole rehabilitation. A number of excavations are anticipated for pull and receiving pits. Work will be located within the public right-of-way of Fremont Avenue N, Westminster Way, NE 185<sup>th</sup> Street, 5<sup>th</sup> Avenue NE, 160<sup>th</sup> Avenue N, NE 161<sup>st</sup> Street, NE 174<sup>th</sup> Street, NE 166<sup>th</sup> Street, 5<sup>th</sup> Avenue NE, 15<sup>th</sup> Avenue NE, NE 184<sup>th</sup> Street and 17<sup>th</sup> Place NE. Work will also be on private property. Work will include restoration of pavement via patching and overlay.

**Schedule:** The project is in the design phase with construction anticipated to begin the winter of 2021/2022.
