7. I am writing in reference to the council's stand on Natural Gas. As a homeowner in the Southend where natural gas is prevalent and affordable, I have come to rely on my natural gas fireplace and cooktop range. The energy is clean, safe and affordable, as well as reliable, even when the power goes out! I am concerned that if you ban natural gas on Shoreline, the surrounding neighborhoods will soon follow suit, making it a financial hardship to not only replace the current appliances, but then to have electric bills go even higher each month. I strongly urge the council to reconsider their stance on this issue which will affect thousands upon thousands of homeowners who are just trying to keep up with the rising costs of living in Seattle, as well as live on comfort of our homes.  
Sincerely, Tammy Merritt.

Thank you,  
City of Shoreline
