7. In regards to: Authorizing the City Manager to Execute Professional Services Agreement with DOWL, LLC in the Amount of \$336,126 for Design of the 5th Avenue NE (NE 165th Street - NE 175th Street) Sidewalk Rehabilitation Project
Please require that design work to be contracted include the following:
 - Creation of a design that removes as few trees as absolutely possible.
 - For any tree removed, it must be replaced with as large a tree as is possible! And needs to have similar fall color as existing trees.
 - Allow design to have as narrow as possible sidewalks that meet ADA requirements. Minimum requirement is 3 feet. This project does not need 6' or 8' sidewalks!
 - Rehabilitation of sidewalks must also include addressing ponding water on roadway and in bike lanes at curbside.Thank you
