7. We are new residents of Shoreline. One of the things that struck me the most - how lush and greener Shoreline is compared to Seattle. Progress is a double-edged sword, while we want our cities to grow and welcome all & everyone but it should not be at a cost of climate and environmental impacts. We look up to the

council to make generation-long decisions. Please look at the long-term gain over the short-term loss. Please protect grown trees and save our green canopy.
Thank you!

Thank you,
City of Shoreline
