Hello everyone,

This email is in support of the Protective Tree Code Amendments on the 1/6/22 agenda.

We simply need to protect our trees. These code amendments are excellent steps toward this goal.

These amendments are in keeping with the codes of surrounding jurisdictions; they are not drastic. More trees in Shoreline will be protected in the future - so critical to the future of our community, as it will help keep Shoreline cool in summer and help filter the air.

We need to show that Shoreline values our trees and our environment. Maybe this can help other communities. It is absolutely in the best interest of everyone who lives in Shoreline.

Best regards,  
Tina Carter
