January 2022

GEOTECHNICAL ACTIVITY COMING SOON **10TH AVE NE STORMWATER IMPROVEMENTS**

GEOTECHNICAL SURVEY WORK IS COMING TO YOUR NEIGHBORHOOD!

As part of the City of Shoreline's 10th Avenue NE Stormwater Improvement project, the City has hired a consultant to explore groundwater levels to inform the design of a future stormwater improvement project. The geotechnical engineer will dig a pit and test stormwater infiltration rates by the road in front of your home.

WHAT TO EXPECT?

- Work trucks and machinery on the road and shoulder in front of your home during daylight hours.
- A hole will be dug and re-filled during the process, with any grass being restored.

We recommend that you park your car in your driveway, and off of the road shoulder to assist us in accessing the area of testing.

SCHEDULE:

We anticipate that this work will occur the week of January 18th to January 21st, and last less than a day.

MORE INFORMATION:

If you have any questions regarding the project, please contact me at (206) 801-2474 or kterpstra@shorelinewa.gov.

For more information, please visit the project webpage at <https://www.shorelinewa.gov/government/projects-initiatives/10th-avenue-ne-drainage-improvements-project>.

Thank you,

Kristin Terpstra, PE PMP
Engineer II, Capital Projects
